## TESTIMONIALS

“Maestro Rýker is a true musical pioneer, helping to bring about what is really nothing short of a genuine ‘renaissance’ of the string orchestra — an all-too-rare ensemble in contemporary classical music.”

*Music Digest*

“The sound of the Tokyo Sinfonia did not remain neatly contained on the stage, but came directly to the audience in their seats to knock on the door of their hearts. It was a truly enjoyable concert.”

*Ongaku no Tomo*
